Annual and five year inspections of Lifeboats and Davits Long term fleet service contracts for inspections and maintenance

A department of ACEBI - the lifeboats, davits and deck equipment supplier

1 & 5-year inspections

The new SOLAS MSC/Circ. 1206 calls for mandatory periodic servicing and maintenance of lifeboats, on-load release gear and launching appliances. ACEBI Service Department, a member of the well-known ACEBI Marine Group, offers the following services for 1 & 5-year inspections:

- A team of skilled service engineers certified by the main Original Equipment Manufacturers
- Approved checklists for lifeboats, on-load release gears and launching appliances inspections
- OEM spare parts
- Official Certificate of Serviceability issued for 1 or 5-year inspections
- We provide a complete and full inspection's report with photos and recommendations
- Fleet/Vessel Service Agreements

Maintenance & refurbishment

- Preventive maintenance to improve your safety, reduce total cost and extend equipment lifetime
- Fleet or vessel agreement to plan and follow up maintenance
- 24/7 spare parts department for quoting and ordering
- Only genuine spare parts with original build specifications
- Spare parts fitted by ACEBI certified technicians to maintain the equipment guarantee

Training

- Specific courses for use of lifeboats, rescue boats and davits in the best safety conditions

Long term service contracts

- Fleet service contracts for 1 & 5-year inspections
- Service contracts for maintenance of lifeboats, rescue boats and davits
- Service contracts for maintenance of mooring equipment, winches, windlasses, capstans and cranes

Technical support

- Rent of waterbags (all capacities), skilled technicians for load test management
- Create intelligent and innovative solutions for your deck machineries and mooring systems with our branch AMGC
